50p

Find the cost of:

1) A bag of sugar and a jar of honey

2) A ham and a broccoli

3) A box of eggs and a jar of honey

4) 2 hams

5) Anne buys a ham. She pays with a £5 note.
How much change does she get?

6) Linda buys a jar of honey. She pays with a £2 coin.
How much change does she get?

7) Sally wants to buy a ham and a box of eggs. She only has a
£5 note. How much more does she need?

Answers:

1) $90\text{p} + \text{£}1.40 = \text{£}2.30$

2) $\text{£}3.80 + 50\text{p} = \text{£}4.30$

3) $\text{£}1.85 + \text{£}1.40 = \text{£}3.25$

4) $\text{£}3.80 + \text{£}3.80 = \text{£}7.60$

5) $\text{£}5.00 - \text{£}3.80 = \text{£}1.20$

6) $\text{£}2.00 - \text{£}1.40 = 60\text{p}$

7) $\text{£}3.80 + \text{£}1.85 = \text{£}5.65$

$\text{£}5.65 - \text{£}5.00 = 65\text{p}$
