

Flower Garden

Adding and subtracting in the flower garden! Help the Gardener with his daily tasks.

Daisy Picking

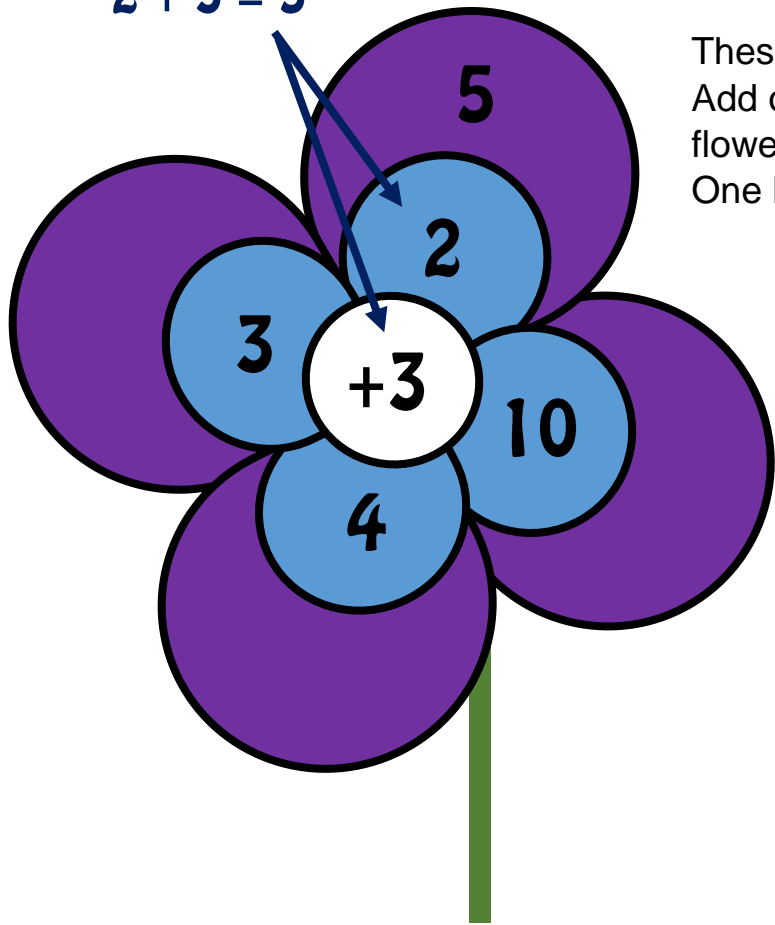

Pick 7 of the Daisies. How many are left?

Planting

The gardener has already planted 2 seeds.
Then he plants all of the seeds from this packet. How many is that in total?

$$2 + 3 = 5$$

Puzzling Pansies

These flowers have numbers on their petals. Add or take away the number in the middle of the flower and put the answer in the outside petal. One has been done for you.
