

Target Practise

Round the following numbered arrows by hitting the right spot on the target! Can you get a bull's-eye?

Round 1

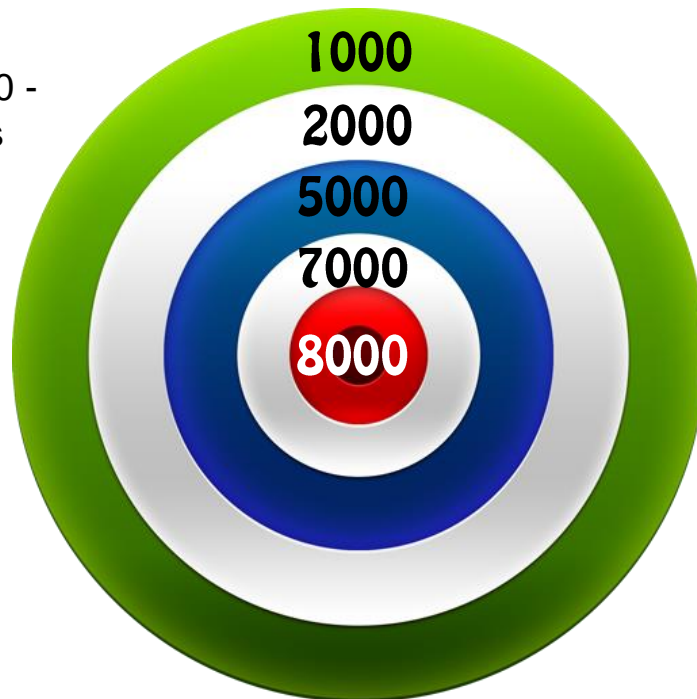

To the nearest 100 -
Draw a line
matching the arrow
to the target.

Round 2

To the nearest 1000 -
Draw on the arrows
using the correct
colours.

Arrows

Red → 5121

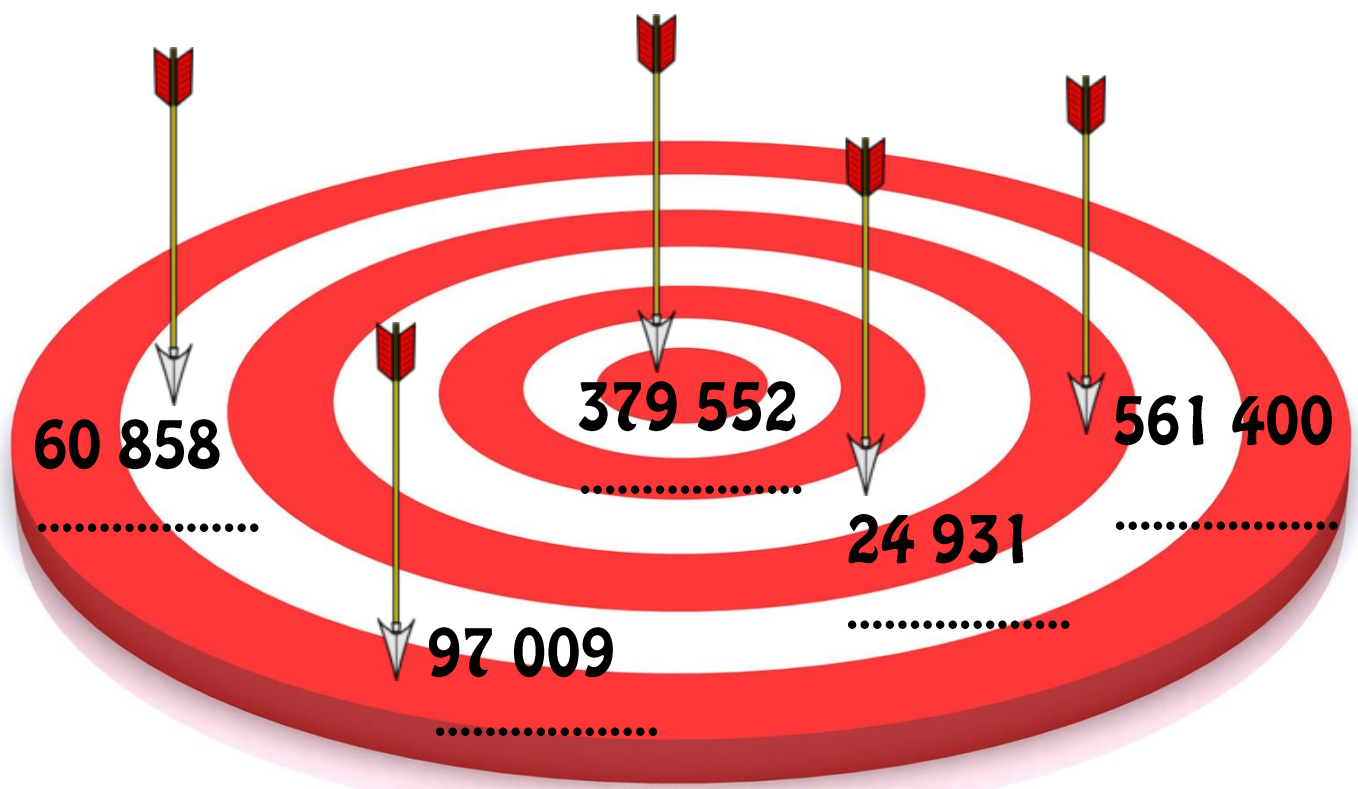

Blue → 978

Black → 7400

Green → 7803

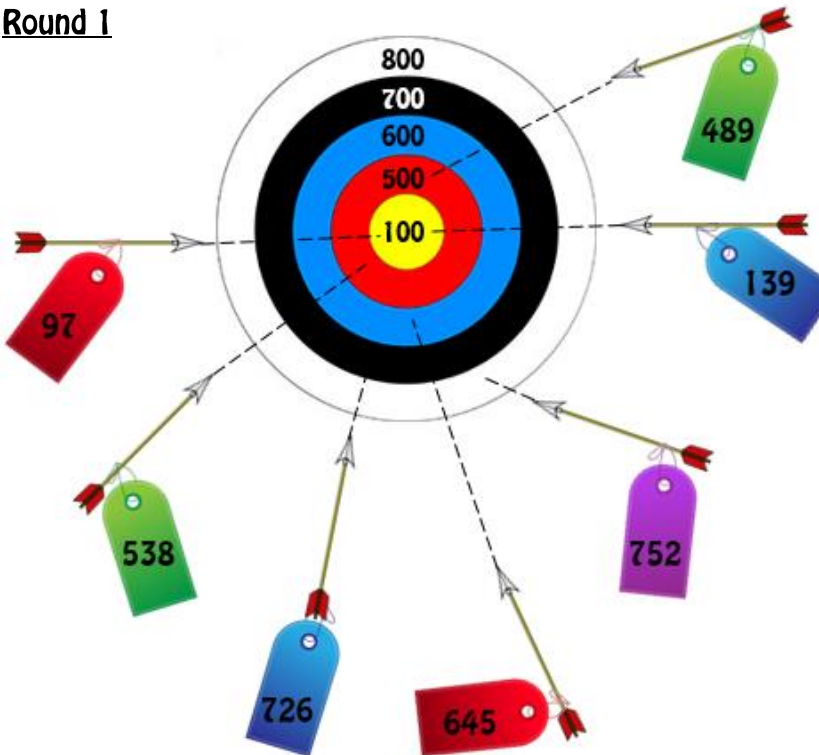

Bull's-eye!

The arrows that hit the white circles were rounded to the nearest 10 000, and those that hit the red were rounded to the nearest 100 000. Work out what the number is now it has been rounded and write it on the dotted line.

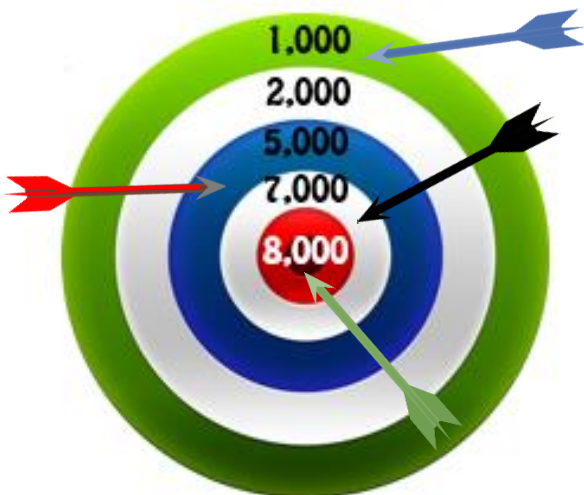

Answers:

Round 1

Round 2

Bull's-eye!

- 60 858 – rounded to the nearest 10 000 = **60 000**
- 97 009 - rounded to the nearest 100 000 = **100 000**
- 379 552 - rounded to the nearest 100 000 = **400 000**
- 24 931 - rounded to the nearest 10 000 = **20 000**
- 561 400 - rounded to the nearest 100 000 = **600 000**
